

Comforteer™ Series Air Handlers

Every Moment Deserves Coleman® Comfort

Single-Piece and Modular Models

HEATING & AIR CONDITIONING

Comforteer™ Series Air Handlers Single-Piece Models

Air handlers and coils: How they work

Air handlers are a vital piece of your home comfort system. The system has two parts—the outdoor unit and the indoor unit. The air handler, which consists of a fan and an evaporator coil, is the indoor section that is responsible for circulating air throughout your home. When the outdoor and indoor components are properly matched, you'll enjoy money-saving efficiency, improved comfort and years of trouble-free service.

Packed with features in a single piece

Comforteer™ single-piece models include both a blower and an evaporator coil in one compact cabinet so you don't feel cramped for space. It's packed with features that make a difference in how you feel:

- Save more energy with an energy-efficient, direct-drive blower
- Compatible with most refrigerants, including environmentally-friendly R-410A refrigerant
- Extend service life with the pre-painted steel cabinet featuring full insulation to prevent condensation and corrosion

Modular Models

Designed to fit varying needs

Comforteer™ modular air handlers can match all kinds of comfort needs. MA models come with direct-drive, multi-speed blower motors to offer your application an economical solution.

- MA models let you match your comfort requirements very closely by offering low, medium and high settings
- Features pre-painted steel cabinets with full insulation to prevent condensation

Coils you can count on

Because evaporator coils are an integral part of every air handler, we offer a wide range to match your particular system. Engineered for outstanding durability and exceptional heat transfer, these high-quality coils deliver the comfort you deserve.

- Compatible with R-22 and environmentally friendly R-410A refrigerants
- Positive-sloped drain pans eliminate standing water that could breed germs
- Optional thermostatic expansion valve (TXV) provides optimum coil performance

Warrantied for years of comfort

Every Coleman® system is backed with the best limited warranties available:

Standard Warranty

10 years on parts*

*Must be registered online within 90 days of installation—otherwise the warranty reverts to the standard warranty as published in the product warranty certificate.

Financing plans that feel right

Ask your Coleman® HVAC Dealer about special financing options. Applying is easy, and upon approval, you'll enjoy low monthly payments and financing offers.

How comfortable is your wallet?

By matching your Coleman® system with other Coleman® equipment, you will maximize energy efficiency and likely qualify for various rebates. Ask your Coleman® Dealer about rebates offered in your area. And, ask about Coleman® central air conditioning systems, heat pumps, fans, filters, IAQ equipment and advanced controls to complete your system. Talking to your dealer will keep you informed, save you money and time, and protect your family's health—all part of Coleman® Comfort.
