

HS32098 HVAC SUPER PRO

Keep your torch in your truck with this money and time saver! HVAC Super Pro is the perfect solution for bonding copper, aluminum and brass.

Scan with your mobile device for a product demonstration

Features/Benefits

- Ideal for bonding copper, aluminum and brass; in any combination
- Bonds dissimilar metals
- Compatible with ALL refrigerants
- Formulated to exceed the requirements for R-410A refrigerant & POE oils
- Vibration tested for HVAC & Refrigeration applications
- Maximum pressure > 850 psi
- Bonds in 3-5 minutes
- 1 bottle = 200 bonds (5/8" tube)
- Non-toxic
- Sold in display case (12/case)

HS32032 INSTANT HVAC/R PATCH

A space-age bonding system that seals holes, cracks and leaks. The right patch for leaks in all HVAC/R tubing and equipment. No toolbox is complete without it!

Scan with your mobile device for a product demonstration

Features/Benefits

- Repairs are made in a minute!
- Safe to use with all refrigerants
- Rated at 350 psi, 200°F
- Should only be used on the low pressure side of systems
- Non-toxic
- Available 12/case

Use for copper tubing, aluminum tubing, micro coils, aluminum and copper coils, curved surfaces, steel & pvc condensate drains, condensate pans and lines.

HS31032 HEAT SHIELD GEL

Heat shield all-temperature barrier spray prevents heat damage to nearby components during soldering, brazing or welding.

Features/Benefits

- Protects heat-sensitive components
- Prevents heat damage with:
 - no drip
 - non-toxic
 - no clean up
 - non-staining
 - non-corrosive
- Evaporates within 24-48 hours
- For use on all surfaces, including:
 - wood
 - piping
 - insulation
 - drywall
 - valves
- Available 12/case

QUICK SERVICE KITS

HS18002 ACID NEUTRALIZER

Refill Part Number: HS18022

HS60002 AC LEAK REPAIR

Refill Part Number: HS60022

HS17002 THAWZONE

Refill Part Number: HS17022

HS21002 TRACE2

Refill Part Number: HS21022

Refills for Highside Quick Service Kits

- Includes 2 pre-charged injectors
- Hose is not included in the refill pack
