

RPT61

PT CHART MASTER

For instant information, the PT Chart Master eliminates the need for traditional pressure/ temperature charts. Accurate and easy to use, the RPT61 provides pressure and temperature correlation for 66 different refrigerants.

FEATURES/BENEFITS

- Choose Pressure in PSI, BAR or Mpa
- Choose Temperature in °F or °C.
- 66 Refrigerant Tables
- Large LCD
- Auto off (after 5 min.)
- Pocket size
- Battery Included Power: 3 V (CR2032)
- Soft carrying case included
- 1 year Warranty

SPECIFICATIONS

Pressure Units	Range
PSI	5.1 to 462.5
BAR	0.35 to 31.88
MPa	0.035 to 3.188
Temperature Units	
Fahrenheit	-40°F to 155°F
Celsius	-40°C to 68°C

APPLICATIONS

For calculating Superheat or Sub-Cooling
